WORK RESUMED AT PHILLIPS

Entrance Examinations Were Held on Tuesday—Two Lower Classes Begun Wednesday and Two Upper Classes on Thursday

Phillips Academy began its one hundred and forty-first year this week. The usual enrollment was present, since no additional dormitories have been added to the school equipment for several years. The pressure from new applicants has been much greater than ever before, and while for several years, increasing numbers of desirable candidates have been turned away for lack of accommodations, the number rejected this year has been far in excess of anything recorded in the past. Indeed, the number of boys enrolled when the school closed in June, was larger than the number so listed when the school opened in the fall of 1918. Since early summer, formal notices have been sent out in response to catalogue requests, and definite applications for admission, advising the applicants that no vacancies were then available, and that only as unexpected vacancies occurred, could these later applications be considered. The number of boys refused admission, runs easily into the hundreds. More than the usual number of students from foreign countries have joined the school this year, among

ABBOT ACADEMY OPENS

Usual Enrollment at School and Slight Changes in Faculty

Abbot Academy opened on Wednesday, September 17th, with a full enrollment of one hundred and thirty-nine boarding students and twenty-six day students.

It is gratifying to note that there is an unusually small number of changes in the faculty, and that some of the vacancies are filled by old friends who return to the school. Miss Louise Whiting, director of physical education, resigned because of her approaching marriage. She was married on Saturday, September 13th, to Mr. Edwin Eljah Hebb. Her place is taken by Mrs. Charles M. Fletcher, who, as Miss Sarah Utter, was in charge of this department from 1910-1912. Madame Florence Stelle, better known to Abbot Academy as Madame Florence Wright, returns to the French Department in which she was instructor during 1917-1918. Miss Margaret Wilkins, a gra-

The Liberty sedan, driven by Frederic E. Bertrand of 15 Harvest street, Lynn, was bumped into by the Buick sedan of Ralph Webber of 8 Kingston street, Lawrence, and thrown against the electric car.

Webber attempted to pass Bertrand near the bridge, but struck a watering post and crowded Bertrand onto the car. Fortunately no one was seriously injured.

The King's Daughters Sale Remarkable Success

The King's Daughters sale, which was held on Brother's Field, in connection with the Welcome Home celebration, was a great success, and the sum of seventy-two dollars is realized, which will be used by the circle for the benefit of the sick and for those absolutely in need in town. All the food was home-made and was generously donated, and the members of the circle thank all who contributed food and fruit and also those who so generously patronized the sale and helped make it so great a success.

D. A. R. of Boston Visits Andover

On Friday, September 12th, the John Adams chapter of the D. A. R. of Boston, met with Miss Kate Swift. After the business meeting followed by a luncheon, and enjoying a collection of old-fashioned articles, the delegation went to the South Church cemetery and visited the grave of Mrs. Locina Goldsmith Waldo, a real daughter of the American Revolution, and also a member of the Phoebe Foxcroft Chapter of the Andover D. A. R. As they stood there, one of the members read a short account of her life, and the regent, Mrs. Lester M. Bartlett, placed a beautiful wreath on the grave, a tribute from the members of the Chapter.

After seeing a bit of the old town, and visiting the house where Samuel Smith wrote his memorable poem "America," they left Andover, full of appreciation of what they had seen, and impressed with the fact that the town was full of delightful historic associations.

LEGION OUTLINES SPORTS

Football Team—Bowling Team—Basketball Team and Other Sports to be Cared For by Newly Elected Committees

Much business of importance was transacted in a meeting of the Andover Post of the American Legion in the town hall last Tuesday evening.

Philip W. Thomson, commander of the Post, gave a very interesting account of the formation of the Post and a brief history of what had been accomplished.

Messrs. Holt and Downing, two North Andover ex-service men, spoke upon invitation of Bartlett H. Hayes, who gave North Andover men an invitation to join the Post, but in response they told of how North Andover was trying to organize a Post and a meeting has been arranged for tonight.

The membership committee of Andover Post, T. J. O'Sullivan, Jr., Edward Downes and William J. Cronin, and a delegation will attend the meeting and give the North Andover men any information they may desire. In case North Andover does not form a Post, they will be admitted into the local Post.

A resolution by S. C. M. Fuess was unanimously adopted, making all the members of Post 99, G. A. R., and the four overseas nurses, honorary members of Andover Post.

In appreciation for what Andover did for the boys during the war and for the rousing Welcome Home, the following resolution drawn up by Rev. M. W. Stackpole, Bartlett H. Hayes and William J. Cronin, was unanimously adopted.

"Voted that we, the members of Andover Post 8, American Legion, desire to place on record our deep and heartfelt thanks to all the good people of Andover for the loyal and generous support so constantly given us through our period of service during the Great War, and especially for the wonderful spirit shown in the Welcome Home celebration."

A fire loss of only \$.069 per capita last year is the remarkable record achieved by the town of Harriman, Pa., a place of 5000 population, where one of the shipyards of the Emergency Fleet Corporation is located.

This figure, surprising compared with a per capita loss for the entire United States of about \$2.76, covering both the town and the adjoining yards, represents fires, the causes of which are classified as follows:

25.4% due to carelessness
14.2% partly preventable
13.3% unknown

There were 295 fires, with the total loss for the year \$1158.60.

Careful inspections were made daily throughout the plant and the town, the total for the year being 23,896, as a result of which there were 2061 orders issued for the removal of hazardous conditions.

A Fact Worth Considering.

In 1853 a deposit of \$5.00 was made in this bank.

For the next thirty years various deposits were made, bringing the total to \$958.00.

Since 1884 the bank has paid out on this account \$1,609.94, and today its value is \$2,235.27.

This is one instance of what systematic saving will accomplish.

THE STORE OF RELIABILITY

Now, More Than Ever Before

It is necessary to wear good clothes, backed by a reliable concern. These days, when education plays a big role in the manufacture of clothing, you cannot afford to get "stung" by the "just-as-good" fellows. A great many young fellows fall for those "powdered sugar" effects so prevalent just now; but our policy of a lot of style, without ostentation, and 100 per cent quality, has built up our business and enabled us to be real servants of the clothes-buying public for over 35 years.

The Bread that makes Friends and keeps them

Friends' Milk Bread

There's the biggest part of the story of Friend's Bread in that one word — Milk.

Friend's Bread is Milk Bread — and it's Milk Bread rightly made with the proper ingredients — each with its wholesome qualities — making a palatable, nutritious loaf.

Friend's Bread appeals to the children because it "tastes good" and "hits the right spot." It appeals to Mothers and Fathers because it contains the milk, wheat and fats that build up sturdy boys and girls.

Friend's Bread is Bread for "all the family."

Makers of Nu-Tri-Loaf (Made from entire cereal flours which contain all the life-giving qualities of wheat) Also of Home-Made Bread

MILEAGE

The motor runs far and true on a filling of So-CO-ny Gasoline. The force of every drop goes into mileage. No delayed starts nor tardy pick-ups, no clogged carburetors, no carbon-sapped power with So-CO-ny. It burns clean—vaporizes readily, any season—requires just one carburetor adjustment.

Now or a month from now—here or hundreds of miles from here—it's the same.

Inferior, inert mixtures shorten engine life. Think twice before you buy them. Choose So-CO-ny. At the So-CO-ny Sign.

Kitchen Shower for Miss LeBoutillier

Mrs. Douglas Crawford surprised Miss Winnifred LeBoutillier on Tuesday afternoon, by having for her, a kitchen shower.

To her home on Morton street, she had invited several friends who were greatly awed and amused by the new colored butler (Mr. Crawford) at the door. He it was who served tea, and who brought in to Miss LeBoutillier all kinds of housekeeping utensils to be used in her future home.

H. F. Chase Sights Deer

A young deer was seen in the neighborhood of Herbert F. Chase's home on Summer street, last Saturday morning, by Mr. Chase himself, who was on his way to work on his bicycle. The animal made a pretty leap over an eight-foot fence just opposite J. C. Terry's place on Summer street, about 7:30 o'clock in the morning and soon disappeared, making its flight through a corn field.

Very seldom does an animal of this description visit the residential parts, and it is possible that hunters' dogs were in chase, thus causing the animal to expose itself in this altogether different environment.

Family Finished Washing

Beginning Monday, July 28, we will install the new method of Family Finished Washing

THE COMPLETE BASKETFUL WASHED, STARCHED AND IRONED

to be charged at the rate of 7 cents per lb. plus one cent each. This includes washing and starching of pieces requiring it and the ironing of the flat work.

On the wearing apparel we will charge only for the actual time required to iron same with our new electric irons, at the rate of 45 cents per hour.

A fair amount of flat work is necessary to obtain these rates. If this is not sent, an extra charge of 10 cents per hour will be added to ironing of wearing apparel.

No starched shirts, collars, cuffs, lace curtains or woollen blankets allowed on this list. These we do only at regular list prices.

NO CHARGE LESS THAN \$1.50

Primary Next Tuesday

Massachusetts is almost the only state this year that has an election. The first step in that election is the primaries next Tuesday. Even though the public doesn't appear to be very much concerned the voters have a responsibility that they ought not to shirk.

From the Democratic standpoint, following their usual methods practically all of the candidates have been selected by the state committee, with the exception of the candidate for Governor and for this office a merry fight is going on between former Governor Foss and former candidate Long. Up to the present time this contest appears to have been a scrap to see which one of the two can offer the most panaceas for the most evils that now exist, and if there is anything that either one has forgotten up to the present time, another distinguished Democrat in the person of the "Honorable Candidate Monahan" of Charlestown seems to have remembered it. From the present outlook it wouldn't seem to make much difference which one secured the nomination, but it is rather unfortunate that in these times of unrest, candidates can be given enough votes to represent a political party on such issues as either one of these gentlemen has set forth up to the present time.

The state has a very marked interest in the contest going on within the ranks of the Republican party in connection with several of the important state offices. To the Republican party in Massachusetts the primary has always meant what it was designed to mean, a free and open opportunity for every man to seek office, the high man to be selected. For this reason we have a group of candidates for the office of Attorney General and an almost equally large group for the office of State Treasurer. Probably any one of the men seeking either one of these offices would make a fairly acceptable state official and from an acquaintance with all of them, recognizing the strong points that each one possesses and knowing some of the weaknesses of each, the writer hesitates to say very much about the choice for these positions.

Andover, however, is in Essex County, and all other things being equal, Andover men should stand for an Essex county man in any of the important positions into which the state calls public servants. For this reason the Essex County candidate for State Treasurer has an initial appeal to Andover voters. Fortunately, Colonel Perkins has more appeal than that of locality in connection with the important office which he seeks. He is a man who has been trained in banking affairs for twenty years. He is a man whose high patriotism led him into service with the army across the water, where a great group of boys learned to honor and respect him, and where his loyal, faithful service for the nation and the world have added to his prestige and standing. Those who have known him intimately speak highly of his character, of his business ability, of his good sense and good judgment. All these things seem to appeal so directly to Andover people that Colonel Perkins should have a strong vote in Andover, as he is sure to have in all the rest of Essex County.

The situation as to Attorney General is not so easily analyzed. Many able lawyers are found supporting each of the six candidates but the contest is really between Mr. Allen, who made a run against Attorney General Attwill last year, Mr. Bottomley, for a long time the efficient secretary of the Good Government Association in Boston, and Mr. Halliwell, a lawyer who some years ago was assistant Attorney General, and who stands well among the legal profession in Boston. From the standpoint of eminence in law, Mr. Hitchcock, present assistant to Attorney General Attwill, would be an excellent Attorney General, but he is little known and can apparently make little appeal to the mass of voters. Evidence is multiplying that the real fight is between Mr. Allen and Mr. Bottomley and it isn't going to be easy for communities that know neither very well to choose with good judgment. Certainly the state needs an able man in this important position and never more so than in the year or two ahead with all the important problems that must be brought to the attention of the Attorney General.

We have a lot of local situations that the voters of Andover cannot dodge if they wanted to, and it is to be hoped they do not want to. It will probably surprise a good many of our citizens that a considerable fight is being made against Attorney General Wells on the issue that he prosecuted a noted Andover woman in fulfillment of his duty. The public has got pretty thoroughly sick of the so-called Skeels case and we have a notion that it will show that it is sick of that case in repudiating the effort to defeat Attorney General Wells because he was the prosecutor. If there are no sounder issues than this on which to base opposition to him as

against his work as a long time eminent legislator and his later work as the prosecuting officer for this district with a standing in the community from every standpoint that has made him one of the state's best citizens, then it is time that we found some other way to nominate public officers. Mr. Wells deserves re-election because he is a fine character, because his first years in the office of District Attorney have served to give him the training necessary to do his best work, and because it is time now to expect from him in the coming term the fullest measure of high service such as he has rendered wherever he has been placed in public service in the state. We hope that Andover will not be misled by the silly issue that has been raised to create some friction among the voters, but will do its part in continuing District Attorney Wells in his present position.

One of the warmest fights we have ever had in this section will undoubtedly center again around the office of representative where the present incumbent, Mr. Robertson, is again opposed by Peter Holt. Certainly there has been nothing to distinguish the work of Mr. Robertson justifying any great endorsement on the part of the voters in his district. He has, however, kept himself closely in touch with the younger voters and will undoubtedly get pretty good support from them. Mr. Holt holds his strong place in the affection of his friends and neighbors at home and his first year in the House certainly did give him reason to hope for another term. He should have that hope realized.

Editorial Cinders

Those who were fortunate enough to get into the presence of His Excellency the Governor, at his visit to Andover a week ago Saturday, were members of almost the last public gathering that Governor Coolidge attended, previous to the storm that broke over the city of Boston in connection with the police strike. The quiet, extremely modest man who sat at the head of the table at the boys' banquet at the Phillips Gymnasium told the men gathered there, a lot of homely truths that they are still speaking of, but since the utterances there, his clear thinking, sober, calm judgment, well-measured discussion of the more vital problem in which Massachusetts has been concerned have combined to bring him to the attention of not only Massachusetts but the nation as well. The new prominence serves only to emphasize the fact that most of us have known for a long time, that the state has at the head, one of the sanest thinkers, and one of the most courageous leaders that it has had in all of its long years of organized government. What a bulwark it is to have a man of this type, who has the courage to talk straight, and who has the character to stand straight in all such crises as that which now faces Boston and Massachusetts!

The American Federation of Labor now proposes to make President Wilson a member of its Board. Is there anybody in the United States who hasn't had an idea that ever since President Wilson bargained the economic policy of the nation for the political support of the labor unions, through trucking to the union labor railroad men four years ago, that he was not already a member of that Board and its dominant factor?

French Class at November Club

The November Club department of French is planning a course of study in first year conversational French under the direction of the State Department of University Extension.

Membership in this class is not limited to November Club members. The hour of meeting for this class will be as near four o'clock in the afternoon as can be arranged.

It is the idea of the University Extension Department to reach as many interested in such courses as possible.

A general invitation is therefore extended through this column to any one in Andover beyond school age who would like to join the class.

A preliminary meeting will be held at the Club House, Thursday afternoon, September 25th at four o'clock.

Please be present at this meeting if you are interested. If you cannot attend the meeting kindly apply to Miss Carter at 31 Bartlett street and get your enrollment blank on Tuesday or Wednesday.

Please carry a fountain pen or pencil with you to the meeting on Thursday.

There is no charge for instruction, but each student pays one dollar upon enrollment to cover the cost of the textbook used in the course.

There will be twenty lessons in the course which will begin about December first.

Please come to the meeting prepared to pay the enrollment charge of one dollar.

MABEL M. CARTER,
Chairman of the Department.

FAIR AT TOPSFIELD

Long List of Premiums to be Awarded the Winners—Rules Regarding the Fair are Given Below

All those who wish to exhibit at the ninety-eighth annual fair which is to be held on the society's farm, Topsfield, September 26 and 27, 1919, send their entries, except poultry, to Walte H. Brown, West Peabody, telephone Peabody 159m.

Poultry entries may be sent to H. P. McKean, Jr., Beverly Farms and those exhibiting poultry must send their birds not later than Thursday, September 25th, so that they may be properly cooped. It would be a great help to the committee if those wishing to compete would send in their entries early.

Withdrawal of the live stock exhibits will start Saturday at 4.00 p. m. and all other articles at 5.00 p. m. the same day.

Some of the general rules of the Fair are as follows: All fruits, flowers and vegetables must be the product of Essex County, to be entitled to a premium.

In case more than \$800.00 is awarded in state prizes, the excess will be paid from the funds of the Essex Agricultural Society.

No person shall be entitled to receive a premium unless he complies with the conditions on which the premium, as offered and by proper entry as required, gives notice of his intention to compete for the same, and the judges are instructed to award no premiums unless the animal or article is worthy.

No animal, except poultry, or object that is entered in one class, with one committee, shall be entered in another class, except for cattle, farm horses which may be entered in both pair and single, working oxen, working steers, three-year-old steers, and milch cows, which may be entered with a herd.

Pure bred animals are not defined by the State Board of Agriculture. The proof that an animal is so bred shall be a record of the animal, or its ancestors, as recorded in some herd book, recognized by leading breeders and the public generally, as complete and authentic.

Judging will commence at 9.00 a. m. Friday, September 26th. At 9.00 a. m. the horses and cattle will be judged in the show rings, and owners or managers are expected to be present to show their animals.

Saturday, September 27th, at 10.00 a. m. the Society will meet at the secretary's tent on the grounds, to choose a president, four vice-presidents, secretary and trustees for one year, also to transact any other business that may legally come before the meeting.

Moving Pictures Once More

Mr. Prescott, pastor of the Baptist church, Mr. Bigelow, pastor of the South church, have both expressed their minds in words of no uncertain sound, against the Sunday operation of the moving pictures.

It will be a further satisfaction to the many citizens of Andover who still value Sunday as a day of recreation through its worship, rest, and home pleasures, to know that Father Nugent, pastor of the Catholic church, and three-fourths of the Catholic people in town, are against having the moving pictures shown on Sunday, as declared by one of the prominent business men in the Catholic church.

LOWELL GAS CO. VICTORS

Lowell Team at Last Noses Out
Victory Over Tyer Nine After
Five Successive DefeatsIn a dull, uninteresting game on the
playstead last Saturday afternoon, the
Tyer Rubber nine lost in a game with
the Lowell Gas Company nine which
scored was 7-3. The day was planned for
the remainder of the sports which were
scheduled on September 6th of the
Welcome Home Celebration, and were
postponed for last Saturday on account
of not having time enough to run them
off on the sixth, but none of the ex-
service men were present so a further
postponement was necessary.The visiting team clinched the game
in the sixth, when errors by Walker at
short and three hits with men on bases,
resulted in six runs, eleven men coming
to bat.Dane of Ballardvale pitched excellent
ball for the Tyer team, allowing only
six hits and striking out eleven of the
opposing batsmen.Dane also fielded his position in
wonderful style and his single in the
first sent Henry Porter over with the
initial run.Harry Payne in leftfield, made several
star catches and was the only player
anywhere near form.Walker's single and Porter's infield
hit in the first, resulted in a run for
Tyer. Janotka fled to left and Walker
was out at third on Bowman's hit to
short. Payne walked and Porter
scored on Dane's single, Bowman being
caught at the plate. Lynch singled in
the fifth. G. Collins fled out to center,
Walker singled to center, Lynch going
to third, and both he and Walker
scored on two errors by McHale.Tyer started rallying in the seventh.
Lynch singled to right, Collins drew a
pass but Jerry O'Connor could not
count up to four and Lynch who started
for second was put out. Collins went
back to the plate and fled out to Ches-
wick. Jerry had a bad day on count
and gave a Lowell batter a base on three
balls. This error did not make any
difference, but his mistake in the
seventh probably cost Tyer several
runs, as there would have been two on
nobody out and the heavy hitters up.The Lowell team displayed a wonder-
ful brand of baseball in the field which
was a great help to their pitcher, Mul-
no, who was hit quite hard.The game was witnessed by a small
crowd which was rather a surprise to
the team as this, being the last game of
the season ought to have brought a
great many more fans.

Football Prospects Very Bright at Punchard

Monday's rain and the lack of sun-
shine Tuesday, forced Coach Lovely
and his band of gridiron warriors, to
keep under cover until Wednesday,
which dawned warm and sunshiny
and the result was a large representa-
tion made their appearance and Coach
Lovely has a high quality of material
with which to develop an eleven equally
as strong as those of previous years.
The presence of so many new, promising
candidates will mean harder work for
the older ones, in order to maintain a
position on the team.Captain Harry Payne of last year's
eleven looks better than ever, and
should have very little trouble in filling
his last years position at halfback.The following are also of last year's
team: E. Chandler, fullback; W. Dal-
ton, quarterback; J. Clinton, left-tackle;
Robert Partridge, leftend; James Dyer,
tackle; Arthur Dimlich, guard; G.
Chandler, sub-end; J. Colbert, sub-
quarter; J. Cole, sub-end; W. Saunders,
sub-guard and Jerry Kenneally, sub-
tackle.The new material produces two 175
pounders, Bernard Sullivan, six feet,
and William Carter. Both are out for
line positions, and in case Leo Daley,
crack center of two seasons, does not

WEST PARISH

Scott Fabine, station agent at Haggitt's Pond station is quite sick.

Mrs. Abalino Cutler is at her son's, Granville K. Cutler at present.

Rubine Kilburn and family have returned from a summer spent at Wells Beach, Maine.

Miss Alice Kimball of Lowell street, has returned from a two weeks' vacation in Norway, Maine, and has returned to work at the Tyer Rubber Co.

The regular meeting of Andover Grange will be held on Tuesday evening, September 23rd. It will be a musical evening in charge of the Master, William F. Trauschke.

Hugh Colquhoun met with a painful accident during the past week, when in running from a swarm of hornets which he had stirred up, he fell over a stone wall, injuring his knee badly, besides receiving numerous stings from the enraged insects.

The fall series of mid-weekly meetings of the West church promises to be of especial interest this season. The pastor is putting forth great effort to make them of more than ordinary worth. A full attendance of interested people is one of the necessary things to that end.

Repairs on the West Parish Cemetery arch are going forward rapidly, much to the gratification of those who have viewed the stains which were spoiling the beauty of the fine structure of which West Parish people were so proud. The sand-blast is proving very effective and soon a clean, bright arch will greet us as of old.

Police Court News

The case of William Rea against Frank Drew for larceny of a gold watch was brought up before Judge Stone Thursday afternoon in the lower town hall.

Lawyer Morris Dorgan of Lawrence, appeared as counsel for Drew, while Lawyer Albert King of North Andover was Rea's counsel.

Mr. Rea claimed that Drew stole a gold watch from him during a fight which occurred between the two men last July 5th. After the hearing no evidence seemed to be gained as to the description of the watch. The case is held over for the grand jury which meets sometime in January.

The big Welcome Home is a thing of the past and we imagine we hear some persons saying: "All that money spent and what have we to show for it?"

Maybe we haven't any material things to show. Maybe there isn't anything that can be touched with the hands or seen with the eyes. And yet surely the town could never have had a material gift that will live as long as the memory of those two days. Things we see when we close our eyes, things we feel with our minds and hearts are the ones that are after all the most worthwhile. The intangible good that Andover men and women and children gave to each other unselfishly, gladly, and sincerely, will be more lasting than monuments or tablets.

Our Boys, if they used their eyes on that day, could see a town, happily and big-heartedly giving itself in welcome and appreciation to them and there are few persons who will ever forget that Welcome Home given their boys by "the dear old Home-Town."

Five thousand joined the American Legion in New York City on the first day of the week's campaign for new members. How many joined in Andover? It is an inspiration just to read over the preamble. To sign it would be doubly so. It makes one feel like taking a deep breath and starting all over again.

"For God and country we associate ourselves together for the following purposes:

"To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a 100 per cent. Americanism; to preserve the memories and incidents of our association in the great war; to inculcate a sense of individual obligation to the community, State and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

The Townsman

Wedding

LINDSAY—ERVING

Miss Mary Louise Erving, daughter of Mr. and Mrs. Abbott Erving of 59 Salem street, and Carl Nelson Lindsay, son of J. William Lindsay, were quietly married at the bride's home, Monday evening at 7:00 o'clock. The double ring service was used and the ceremony was performed by Captain M. W. Stackpole of Andover, in the presence of immediate relatives and invited guests, which included members of the T. O. U. club and members of Battery F, 102 F. A.

The bride, who was given away by her father, wore a dress of white satin and carried a bouquet of bride's roses.

She was attended by her sister, Mrs. Ralph W. Bevington of Lawrence, whose gown was of white satin and she carried sunburst roses. Erving Arundale, a nephew of the bride, was train-bearer, while J. William Lindsay, Jr., was best man.

The rooms were prettily decorated with hydrangeas, oak leaves, palms and asters. Following the wedding a reception was held and the happy couple were assisted in receiving by Mr. and Mrs. Erving, J. William Lindsay and Mrs. Ralph A. Bailey. The ushers were Ralph A. Bailey, C. Douglas Lindsay, Ralph W. Bevington and John M. Erving. A wedding lunch was served by Caterer Page of Lowell.

Both are wellknown here, the groom having recently returned from overseas after serving eighteen months with battery F, 102nd F. A. The bride is employed in the office of the treasurer of Phillips Academy, and both are very popular among the younger set. Mr. and Mrs. Lindsay left on a wedding trip and their many friends wish them every success in the new life.

Communication

To the Andover Townsman:

Dear Sir:

I feel it my duty to call to the attention of the people of Andover, the selling of Jamaica ginger. The whole thing is going right on, every day, every night, in fact, all the time. It is surprising to go up the street and see a steady stream of children coming out of this certain store below the track, with bottle after bottle of this ginger for their mother or the father. Something ought to be done and something shall be done, and I know and feel that when some of our good readers see this they will help prosecute all sellers of this poison; that is just what it is.

I know of two or three families and if the authorities looked into it, there is a local store that would be vacant. It is bad enough to sell it to older persons, but when it comes to selling it to children who are just able to ask for it, no more, I think it is high time to wake up and do something.

I will leave it to the people themselves. We do not want this beautiful little town of ours to go to ruin, we want to raise it up so we will wipe out these booze sellers and live in peace. Hoping you will find room for this important piece in the front of your Townsman, I thank you sincerely.

Now is the time to fix that leaky roof.

WHY REYNOLDS SHINGLES ARE THE BEST:

Reynolds shingles were the first asphalt shingles made.

They have had more years actual roof-test service than any other asphalt shingle.

They have been on roofs for eighteen years and are still found to be in good condition.

They are surfaced with granulated rock, slate, etc., and the natural colors are retained — reds, greens and gray — non-fading, beautiful.

Reynolds shingles are guaranteed — They will not split, rust, curl, leak nor blow off.

Economical to buy, economical to lay, no repairs or painting required.

Reynolds shingles possess the three cardinal shingle virtues — Beauty, Durability and Economy.

The mineral surfacing acts as a fire-preventive, making an insulation against flying sparks and brands. These shingles have been tested in the insurance underwriters laboratories and have been officially approved as fire-retardants.

Do not be misled into thinking all Asphalt shingles are alike — They are not. There are as many grades of Asphalt shingles as there are names. Reynolds shingles are the improved, approved, and proven best to use.
